Congratulations

to H.E.A.L. turning ONE!

I am proud to report that the Home Visiting, Education, and Leadership Program (H.E.A.L.) has successfully completed it's ***first year*** of serving Tarrant County families! The results of this program are impressive and life-changing. Below you will see some of the results that this program produced:

Total Served: 114 families

83%
of participants showed an increase in their knowledge and understanding of ***family functioning***.

73%
of participants showed an increase in their knowledge and understanding of ***concrete support.***

77%
of participants showed an increase in their knowledge and understanding of ***bonding and attachment.***

73%
of participants showed an increase in their knowledge and understanding of ***emotional social support.***

H.E.A.L. is a ***free, in-home, parent education program*** that provides parents with the skills and tools necessarily to raising a healthy and happy family. In addition, H.E.A.L. connects participants to other resources in the community that help the family in a holistic way.

Families enrolled in the program receive the following **FREE** incentives:

Toothbrushes	**Children's books**	**Gift cards**
Thermometers	**First aid kits**	**Behavioral charts**
Home safety kits	**Children's MyPlates**	**Holiday assistance**

Thank you for celebrating with us, and we look forward to many more successful years to come!

Sincerely,

Bliss Coulter, M.S.
H.E.A.L. Program Director

The H.E.A.L. Program, funded by DFPS, is a free, parent education program designed to teach family life skills utilizing The SafeCare Curriculum. Training focuses on infant and child health, home safety, and parent-child interactions. For more information on the H.E.A.L. Program, please visit **www.theparentingcenter.org/heal/**
