

Top FIVE Reasons to Invest In The Parenting Center

5. Transparency and Financial Integrity

We are a Better Business Bureau Accredited Charity, GuideStar Exchange Member, and recognized by Intelligent Philanthropy for our commitment to transparency.

4. Experts in the Field of Parenting & Family Life Education

Licensed counselors have Master's or Doctoral degrees; experienced educators continually research new curricula to provide the latest knowledge on issues facing today's families.

3. Proven Results

The Parenting Center's curricula and counseling methods are research based and proven effective. We set measurable goals for each of our programs, which guide our strategic direction.

"The Parenting Center is teaching me how to become a better father."
-Dad in 11 week Nurturing Parenting class

Tarrant County taxpayers will pay \$14,000 to help one child overcome child abuse. A \$700 donation will cover the fees of an 11-week Nurturing Parenting class for an economically disadvantaged family of four so that child abuse can be **PREVENTED.**

You can help end child abuse & build strong, healthy families by donating today:

2. Providing Accessible Family Services to the Economically Disadvantaged

In 2012, we provided parenting and family life education classes at 84 locations in the Tarrant County area. All of our services are free or charged at an affordable rate, making our programs accessible to those who have the least access to prevention and intervention services.

1. END the Generational Cycle of Child Abuse

Unfortunately, among 97% of the confirmed child abuse victims in North Texas, the perpetrator was a parent. The Parenting Center's positive parenting education and alternatives to discipline are the driving force to END the tragedy of child abuse in our community.
