TOGETHER, WE ARE THE VILLAGE.

Founded in 1975, The Parenting Center has expanded its services and helped more than 510,000 families throughout Tarrant County and surrounding areas through the following services. **We depend on the support of the local community to help sustain these programs.**

EMPOWERING FAMILIES

An 8-week relationship workshop where couples practice relationship and parenting skills and are provided access to financial coaching, employment services, free meals and child care each week.

CLINICAL COUNSELING

A broad range of counseling/therapy services, including individual therapy for adolescents and adults, marital and couples counseling, family counseling, play therapy and group therapy, to improve individual and family functioning.

FAMILY LIFE EDUCATION

More than 50 relevant classes on a wide-range of topics to help parents at every stage of development. Our goal is to deliver quality, research-based instruction on effective, non-violent child-rearing practices, so that parents and caregivers can feel positive about their relationships with their children.

HOME VISITING, EDUCATION AND LEADERSHIP PROGRAM (HEAL)

A family-strengthening program that utilizes the SafeCare Curriculum. Skills training includes child behavior management, as well as planned activities, home safety, healthy parent-child interactions and child health care.

FAMILY TRANSITIONS (CO-PARENTING)

Comprehensive support, education and guidance designed to help parents keep their children safe and happy throughout their family's transition. Our dynamic services are offered to parents, step-families, grandparents and children, and include classes, consultation, and mediation.

PARENTING ADVICE LINE (PAL)

A free, confidential telephone line for concerned parents or caregivers with questions about raising children.
