Independent Auditors' Report

To the Board of Directors of The Parenting Center

Report on the Financial Statements

We have audited the accompanying financial statements of The Parenting Center (a nonprofit organization), which comprise the statement of financial position as of December 31, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Parenting Center as of December 31, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. This information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, such information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 30, 2021, on our consideration of The Parenting Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering The Parenting Center's internal control over financial reporting and compliance.

1. Organization

The Parenting Center's (Center) mission is to provide family members and professionals with the tools, resources and services to build successful families. The Center was built on the core belief that empowering families with the necessary knowledge and skills can lead them to develop and maintain healthy lives.

The Center pursues its objectives through the execution of the following clinical and education programs:

<u>Clinical Counseling</u>- Counseling is provided by the Center's staff and contract counselors for parents, couples, children and entire families. Counseling ranges from general assistance with family situations to help for abused and neglected children. Fees range from assistance provided by the Texas Department of Family and Protective Services or other organizations to direct payments from the counseled individuals. Some fees are based on a sliding scale depending on income and family size.

<u>Parenting Advice Line</u>- The Center sponsors a free telephone service where counselors and educators answer parenting questions and concerns.

<u>Family Life Education</u>- Staff and volunteer educators present workshops and courses on numerous positive parenting topics to various groups throughout the Tarrant County Metroplex. Fees for classes are offered at a sliding scale for Tarrant County residents. The groups hosting the class such as churches, PTA's, etc. usually sponsor the classes offered at the group's location. Fees for these classes are negotiable based on organization type. United Way funding and grants from foundations make it possible for the Center to offer some reduced-cost and free programs.

<u>Home Visiting</u>- The Home Visiting program utilizes trained educators to coach parents on challenging behaviors they may be experiencing through evidence-based practices (including Trust-Based Relational Intervention and Nurturing Parenting). The program is tailored to each family's individual needs who have children between the ages of 3 and 16 and is designed to help the whole family focusing on strengths while facilitating attainable goals that will support the family for years to come. The program is offered virtually or in-home to best meet the needs of clients. Funding is provided through foundation grants and sliding fee scales for the clients.

<u>Healthy Marriage</u>- The Center coordinates the Healthy Marriage Healthy Families Coalition of Tarrant County. Community members are trained in evidence-based pre-marriage and marriage curriculum. Once trained, couples and individuals lead workshops designed to promote and sustain healthy marriages. This program coordinates the State of Texas Twogether project for an eleven county region.

<u>Participants Parent Education Program in Schools (PEPS)</u>- The Parent Education Program in Schools is a three-hour parenting course offered as part of the Health I curriculum in Fort Worth and Arlington secondary schools. PEPS increases students' knowledge of positive parenting skills, child development, responsible choices and child abuse prevention.

<u>Family Transitions Program</u>- The program provides comprehensive support to families raising children between two homes. Services are offered to parents, blended families, grandparents and children. The program includes classes, counseling, consultation, mediation, and co-parent coaching.

Empowering Students- This project is a relationship education program for youth (grades 9-12) that provides a comprehensive trauma-informed, data-driven service to improve youth relationship skills, communication, and budgeting skills. The project coordinates with organizations and high schools in Tarrant County to reach the youth in grades 9-12. Funding for this program is provided by a READ4Life grant through the U.S. Department of Health and Human Services.

<u>Empowering Families</u>- The Center provides marriage/relationship classes and other services to strengthen and stabilize families. The target population for these services is low-income families, refugees, Temporary Assistance for Needy Families (TANF) recipients, and those eligible of receiving TANF. Funding for this program comes from a Community-Centered Healthy Marriage and Relationship grant provided through the U.S. Department of Health and Human Services.

The Center is funded primarily through government grants and contracts, contributions and grants from the foundations, individuals and corporations, and fees charged to participants on a sliding scale basis.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Center prepares the financial statements on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP). Accordingly, revenues are recognized when earned and expenses are recorded as incurred.

Financial Statement Presentation

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Net assets without donor restrictions - Net assets not subject to donor-imposed stipulations. Net assets without donor restrictions may be designated for specific purposes by action of the board of directors.

Net assets with donor restrictions - Net assets subject to donor stipulations that will be met by actions of the Center and/or the passage of time.

Some net assets with donor restrictions include a stipulation that assets provided be maintained permanently (perpetual in nature) while permitting the Center to expend the income generated

by the assets in accordance with the provisions of additional donor imposed stipulations or a Board approved spending policy.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of net assets with donor restrictions (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

In the absence of donor restrictions to the contrary, restrictions on contributions of property and equipment or on assets restricted to acquiring property and equipment expire when the property and equipment is placed in service.

Financial Instruments and Credit Risk Concentrations

Financial instruments which are potentially subject to concentrations of credit risk consist principally of cash and cash equivalents, accounts and pledges receivable and investments in marketable securities. Cash and cash equivalents are placed with high credit quality financial institutions to minimize risk. Accounts receivable are unsecured and are due from various third party payors and government agencies. At December 31, 2020, 65% of accounts receivable is due from one government agency and 22% is due from one foundation. The Center continually evaluates the collectability of accounts and pledges receivable and maintains allowances for potential losses, if considered necessary. Marketable securities are subject to various risks, such as interest rate, credit and overall market volatility risks.

The Center maintains cash balances at various financial institutions located in Texas. Accounts at these institutions are insured by the Federal Deposit Insurance Corporation up to \$250,000. The Organization had uninsured cash balances totaling \$109,689 as of December 31, 2020.

Cash Equivalents

Cash equivalents consist of all highly liquid investments purchased with an initial maturity of three months or less.

Investments

Investments consist of a money market, mutual funds, equities, and a real estate investment trust and are stated at fair value in the statement of financial position.

Accounts Receivable

The Center maintains receivables due from government agencies and third-party payors for services performed. The Center carries its accounts receivable due from third-party payors at standard charges, less an allowance for doubtful accounts and contractual adjustments. For

government grants and contracts, the excess of reimbursable expenditures over cash receipts is included in accounts receivable. On a periodic basis, the Center evaluates its accounts receivable and establishes an allowance for doubtful accounts, based on history of past write offs, collections and adjustments. At December 31, 2020, management considers accounts receivable to be fully collectible.

Property and Equipment

Property and equipment are recorded at cost or, if donated, at estimated fair market value at the date of the gift. Depreciation is computed using the straight-line method over estimated useful lives of 5 to 40 years.

Long-Lived Assets

The Center's long-lived assets are evaluated for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable based on expected undiscounted cash flows attributable to that asset. This review requires significant judgments both in assessing events and circumstances as well estimating future cash flows. Should events indicate that any of the assets are impaired, the amount of such impairment will be measured as the difference between the carrying value and the fair value of the impaired asset and the impairment will be recorded in earnings during the period of such impairment. Management believes no impairment has occurred with respect to long-lived assets in 2020.

Revenue Recognition

Program service fees are reported at net realizable amounts from participants, third-party payors and others for services rendered. Accounts receivable and revenues are recorded when participant services are performed. Amounts received from third-party payors are different from established billing rates of the Center, and these differences are accounted for as contractual allowances. Program service fee revenue is reported net of contractual adjustments of \$92,472 for the year ended December 31, 2020.

The Center recognizes contributions when cash, securities, or other assets or an unconditional promise to give is received. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of the amounts expected to be collected. All contributions are considered available for unrestricted use unless specifically restricted by the donor. Management routinely analyzes unconditional promises to give for collectability. Management anticipates collection of the entire balance; accordingly, no allowance was recorded at December 31, 2020.

Conditional promises to give, those with a measurable performance or other barrier and a right of return, are not recognized until the conditions on which they depend have been met. Amounts received prior to meeting measurable performance or other barriers are reported as refundable advances. There were no refundable advances at December 31, 2020.

A portion of the Center's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. The Center considers government grants and contracts to be contributions. Amounts received are recognized as revenue when the Center has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as refundable advances in the statements of financial position.

The Center received cost-reimbursable grants totaling \$1,995,672 that had not been recognized at December 31, 2020 because qualifying expenditures had not yet been incurred.

The Center recognizes donated services received that require specialized skills or that would create or enhance nonfinancial assets, which would have been purchased if not acquired through donation. For the year ended December 31, 2020, \$7,875 was recognized as donated services revenue, contract counseling expense, and professional fees in the accompanying financial statements.

Donated Services

During the year ended December 31, 2020, the Center's activities that benefited from professional volunteer assistance were primarily as follows, based on estimates of management:

	Approximate
	Hours
Clinical services	225

In addition, many individuals volunteer their time to assist the Center with various programs; however, no contribution revenue is recorded for these hours, because they represent non-specialized services and therefore do not meet the requirements necessary to record such services as contribution revenue.

During the year ended December 31, 2020, the Center's activities that benefited from non-specialized volunteer assistance were primarily as follows, based on estimates of management:

	Approximate
	Hours
Board of directors - no revenue recognized	325

Functional Allocation of Expenses

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include occupancy, which is allocated on a square footage basis, as well as salaries and wages, benefits, payroll taxes, professional services, office expenses, information technology, insurance, communication, and other, which are allocated on the basis of estimates of time and effort.

Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimated.

Federal Income Tax

The Center is a nonprofit publicly supported organization, as defined in Section 501(c)(3) of the Internal Revenue Service Code (IRC) that is exempt from federal income taxes under Section 501(a) of the IRC. For the year ended December 31, 2020, the Center did not conduct any unrelated business activities that would be subject to federal income taxes and had no uncertain tax positions. Therefore, no tax provision or liability has been reported in the accompanying financial statements.

GAAP requires the evaluation of tax positions taken in the course of preparing the Center's tax returns and recognition of a tax liability (or asset) if the Center has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). Management has analyzed the tax positions taken by the Center, and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

New Accounting Pronouncements

Changes to GAAP are established by the Financial Accounting Standards Board (FASB) in the form of accounting standards updates (ASU's) to the FASB's Accounting Standards Codification.

The Center considers the applicability and impact of all ASU's. ASU's not listed below were assessed and determined to be either not applicable or are expected to have minimal impact on the Center's financial position and changes in net assets.

In 2016, the FASB issued its leasing standard in ASU 2016-02, *Leases* for both lessees and lessors. Under its core principle, a lessee will recognize right-of-use (ROU) assets and related lease liabilities on the statement of financial position for all lease arrangements with terms longer than 12 months. The pattern of expense recognition in the statement of activities will depend on a lease's classification. For not-for-profit organizations, the standard takes effect for fiscal years beginning after December 15, 2021.

The Center is currently assessing the impact that adopting this new guidance will have on the financial statements.

3. Investments

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

- Level 1 Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.
- Level 2 Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.
- Level 3 Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates or assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Center's investments are valued using Level 1 inputs. The following is a description of the valuation methodology used for instruments measured at fair value:

Mutual Funds

These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying asset owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Equity Securities, Exchange Traded Funds, and Real Estate Investment Trusts

These investments are valued at the closing price reported on the active markets in which the individual securities are traded.

Money Market Fund

The investments are valued using \$1 for the NAV.

The following table sets forth the Center's investments at fair value as of December 31, 2020:

Money market funds	\$ 57,883
Mutual funds:	
Stock funds	205,462
Bond funds	25,160
Exchange traded products:	
Equity	23,272
Fixed income	26,670
Equity securities:	
Common stock	66,790
Real estate investment trusts	8,844
	\$ 414,081

Net investment loss consists of the following for the year ended December 31, 2020:

Dividends and interest	\$ 12,722
Realized loss on investments	(20,710)
Unrealized loss on investments	 (235)
	\$ (8,223)

4. Property and Equipment

Property and equipment consists of the following as of December 31, 2020:

Land and buildings	\$	1,809,208
Equipment		141,202
Computer and network		256,561
Furniture and fixtures	_	160,016
Accumulated depreciation		2,366,987 (1,477,051)
	\$	889,936

5. Endowment Funds

The Center has donor-restricted endowment funds which are maintained in accordance with explicit donor stipulations. The board of directors of the Center has interpreted the Texas Uniform Prudent Management of Institutional Funds Act (TUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Center

classifies as permanent endowment (a) the original value of gifts donated to the permanent endowment (b) the original value of subsequent gifts to the permanent endowment (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instruments at the time the accumulation is added to the fund. The earnings from the original gift are classified as net asset with donor restrictions until those amounts are appropriated from expenditure by the Center in a manner consistent with the standard of prudence prescribed in TUPMIFA. In accordance with TUPMIFA, the Center, in making a determination to appropriate or accumulate donor-restricted endowment funds acts in good faith, with the care that an ordinarily prudent person in a like position would exercise under similar circumstances, and considers if relevant, the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the organization
- The investment policies of the organization

The board of directors of the Center is responsible for adopting investment objectives and policies, monitoring policy implementation and investment performance. The Center's investment portfolio is designed to provide a reasonably stable, growing, and predictable revenue stream. All investment decisions on behalf of the permanent endowment are based upon and consistent with the above priorities.

Changes in donor-restricted endowment funds for the year ended December 31, 2020 are as follows:

	gains	mulated (losses) d other	 estricted perpetuity	Total
Endowment net assets, beginning of year Investment income Appropriation of assets for expenditure	\$	- 2,011 (2,011)	\$ 108,583 - -	\$ 108,583 2,011 (2,011)
Endowment net assets, end of year	\$	-	\$ 108,583	\$ 108,583

6. Net Assets With Donor Restrictions

Net assets with donor restrictions are available for the following purposes as of December 31, 2020:

Annual United Way allocation	\$ 16,500
Capital repairs and improvements	10,919
Technology and software	4,677
Educational scholarships and classes	97,904
Rebranding	5,560
Home visiting program	10,904
Restricted in perpetuity	108,583
	\$ 255,047

7. Line of Credit

The Center has a \$50,000 operating line of credit agreement with an area bank, with interest at the Wall Street Journal prime rate expiring February 2023. Advances on this agreement are secured by the accounts receivable of the Center. There were no borrowings outstanding relating to the agreement as of December 31, 2020.

8. Leases

The Center leases office equipment under a non-cancellable long-term operating lease. The following are future minimum lease payments under this lease agreement for the years ending December 31:

2021	\$ 1,908
2022	1,908
2023	 954
	\$ 4,770

9. Liquidity and Availability of Resources

The Center's financial assets available for general expenditure within one year at December 31, 2020 as follows:

Cash and cash equivalents	\$	850,427
Investments		414,081
Accounts receivable		409,714
Total financial assets		1,674,222
Less amounts not available for general		
expenditure within one year, due to:		
Restricted in perpetuity		108,583
Donor imposed restrictions		146,464
Financial assets available to meet cash needs	ć	4 440 475
for general expenditure within one year	<u> </u>	1,419,175

The Center is substantially supported by restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Center must maintain sufficient resources to meet those responsibilities to its donors. Accordingly, financial assets may not be available for general expenditure within one year. As part of the Center's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, the Center invests cash in excess of daily requirements in short-term investments. In the event of an unanticipated liquidity need, the Center also could draw upon \$50,000 of available line of credit (as further discussed in Note 7).

10. Employee Benefit Plan

The Center has a defined contribution - 401(k) savings plan for the benefit of its employees. Participants may defer a percentage of their compensation into the plan, up to certain limits allowed by the Internal Revenue Code. Participant contributions are 100% vested upon deferral. Eligible participants may receive discretionary matching employer contributions and/or discretionary annual contributions determined by the board of directors. Employer contributions vest 20% each year after two years of employment. Eligible participants, who are non-highly compensated employees, may also receive special discretionary contributions known as qualified non-elective employer contributions. Qualified non-elective employer contributions automatically vest 100%. For the year ended December 31, 2020, the Center's discretionary match was set at 5% of participant contributions. The Center's matching contributions for the year ended December 31, 2020, were approximately \$23,000.

11. Contingencies

The Center participates in federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the Center has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable may be impaired. Management does not believe there are any significant contingent liabilities related to compliance with the rules and regulations governing the respective grants.

12. Coronavirus Aid, Relief, and Economic Security Act and Other Coronavirus Events

In March 2020, the World Health Organization recognized the novel strain of coronavirus, COVID-19, as a pandemic. The coronavirus outbreak has severely restricted the level of economic activity in the north central Texas area. Given the uncertainty of the spread of the coronavirus, the related financial impact to the Center, if any, cannot be determined at this time.

Paycheck Protection Program Loan

On April 29, 2020, the Center received \$279,700 as a loan from the Paycheck Protection Program which originated from the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The CARES Act loan includes a feature that allows for forgiveness of the loan if the funds are used for eligible purposes, including payroll and benefits, and if the Center maintains its payroll levels.

The loan requires monthly payments of principal and interest at 1.00% starting in 2021. The Center is seeking loan forgiveness of the full loan amount in accordance with Small Business Administration (SBA) guidelines pursuant to the CARES Act. While the Center believes that its use of the loan meets the conditions for forgiveness, there is no assurance that the loan will be forgiven, in whole or in part. Repayment terms will be adjusted once the lending institution has processed the loan forgiveness application and determined the final loan amount. The loan was forgiven in full in 2021.

13. Subsequent Events

In January 2021 the Center received a second PPP loan totaling \$183,000, which is expected to be forgiven in full.

The Center evaluated subsequent events through the date the financial statements were available to be issued and concluded that no additional disclosures are required.

Report of Independent Auditors on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Directors of The Parenting Center

We have audited, in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The Parenting Center (Center) (a nonprofit organization), which comprise the statement of financial position as of December 31, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated July 30, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Center's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Center's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Center's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report of Independent Auditors on Compliance for Each Major Federal Program and on Internal Control over Compliance Required by the Uniform Guidance

To the Board of Directors of The Parenting Center

Report on Compliance for Each Major Federal Program

We have audited The Parenting Center's (Center) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Center's major federal programs for the year ended December 31, 2020. The Center's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Center's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Center's compliance.

Opinion on Each Major Federal Program

In our opinion, the Center complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

Report on Internal Control over Compliance

Management of the Center is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Center's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Total expenditures of federal awards		\$ 1,011,443	

The Parenting Center Notes to Schedule of Expenditures of Federal Awards

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal grant activity of The Parenting Center (Center) and is presented on the accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Center, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Center.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The Center has not elected to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance and continues to use the cost allocation plan negotiated individually with its grantors.
